Power consumption during standby mode	0.3 W or less
Max dimensions (W × D × H)	Lch: 175 × 262 × 257 mm / 6.89" × 10.32" × 10.12" Rch: 175 × 262 × 247 mm / 6.89" × 10.32" × 9.72"
Weight	Lch: 3.9 kg / 8.6 lbs Rch: 3.5 kg / 7.7 lbs
Accessories	Power cord Audio converter cable (3.5 mm stereo mini plug to RCA) Speaker cord Bottom cushion Quick Start Guide Precautions for Use Warranty

PRODUCT FEATURES

ADVANCED DESIGN FOR HIGH-QUALITY SOUND

Each DM-50D speaker boasts a new Class D amplifier with 96 kHz sampling DSP, updated DECO convex diffusers, and a new 5-inch woofer that's perfectly aligned with the tweeter. As a result, the desktop monitor system produces pure, balanced bass sound, crystal-clear high frequencies, and plenty of power when you need it.

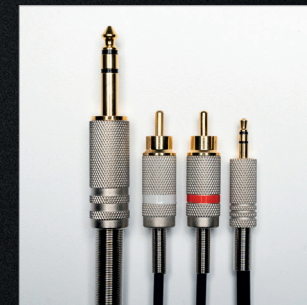

EASY TO USE

Connecting and disconnecting your headphones is simple via the socket on the front panel and the level knob is also right in front of you.

2-WAY SOUND MODE

Want to DJ or make your own music? Flip the switch to choose either DJ mode or Production mode and the DSP settings will be optimized for the task.

MULTIPLE INPUTS

With TRS, RCA, and mini jack input terminals, you can connect different kinds of gear such as DJ controllers and mixers, or the laptop or soundcard you use for producing your own music.

SMART DESIGN, AVAILABLE IN BLACK OR WHITE

Bring a slick, professional look to your setup. The finish of the black DM-50D matches perfectly with classic DJ gear while the white DM-50D-W might better complement the interior design of your home.
