

Wireless Remote Controller (FC-W)

The FC-W is a wireless remote control designed to activate up to four CHAUVET fog machines independently (separate receivers for additional foggers are required). Two LED indicators display whether the machine is ready or heating.

Highlights

- Increase flexibility at any event by wirelessly triggering the fog output in most CHAUVET DJ fog machines
- Eliminates the need for extra plugs by receiving power from the fog machine
- Simplify operation with 2 LED indicators displaying the machine's state (heating and ready)
- Simultaneously or separately trigger up to 4 fog machines
- Keep track of your receiver with the magnetized back plate and included keychain
